

# DISCIPLESHIP PRACTICE WORKSHEET

## Assessing which practice your group wants to work on next

At Grace, we believe the following eleven practices distinguish an ordinary disciple of Jesus. To determine which of these practices your group might want to study next, use this simple assessment.

### INSTRUCTIONS:

1. Discuss and clarify the intent of each practice
2. Have each group member circle three practices they want to work on
3. Compare the results and try to find similarities
4. For the top two practices mentioned, check online at [gracecc.org/groups](http://gracecc.org/groups) to review curriculum suggestions under those practices. If the majority of the practices are mentioned equally, consider getting an overview of the practices in the 3-book *Apprentice Series*.

### DISCIPLESHIP PRACTICES *(Circle three you want to work on)*

#### *An ordinary disciple of Jesus...*

1. Practices **SURRENDER AND TRUST**
2. Practices disengagement from their routines and distractions in order to **COMMUNE WITH GOD**
